WAREHOUSING

Langham's state-of-the-art warehouse is attached to our corporate headquarters in Indianapolis. This multi-functional facility is 306,000 sq. ft. with space for bulk, carton or piece storage and a straight line flow process for efficient cross-dock operations. It also houses extensive pick, pack and ship operations and fulfillment activities like kitting, light assembly, quality inspection, rework, repackaging, e-commerce order processing and other value-added activities.
